

WAGYU

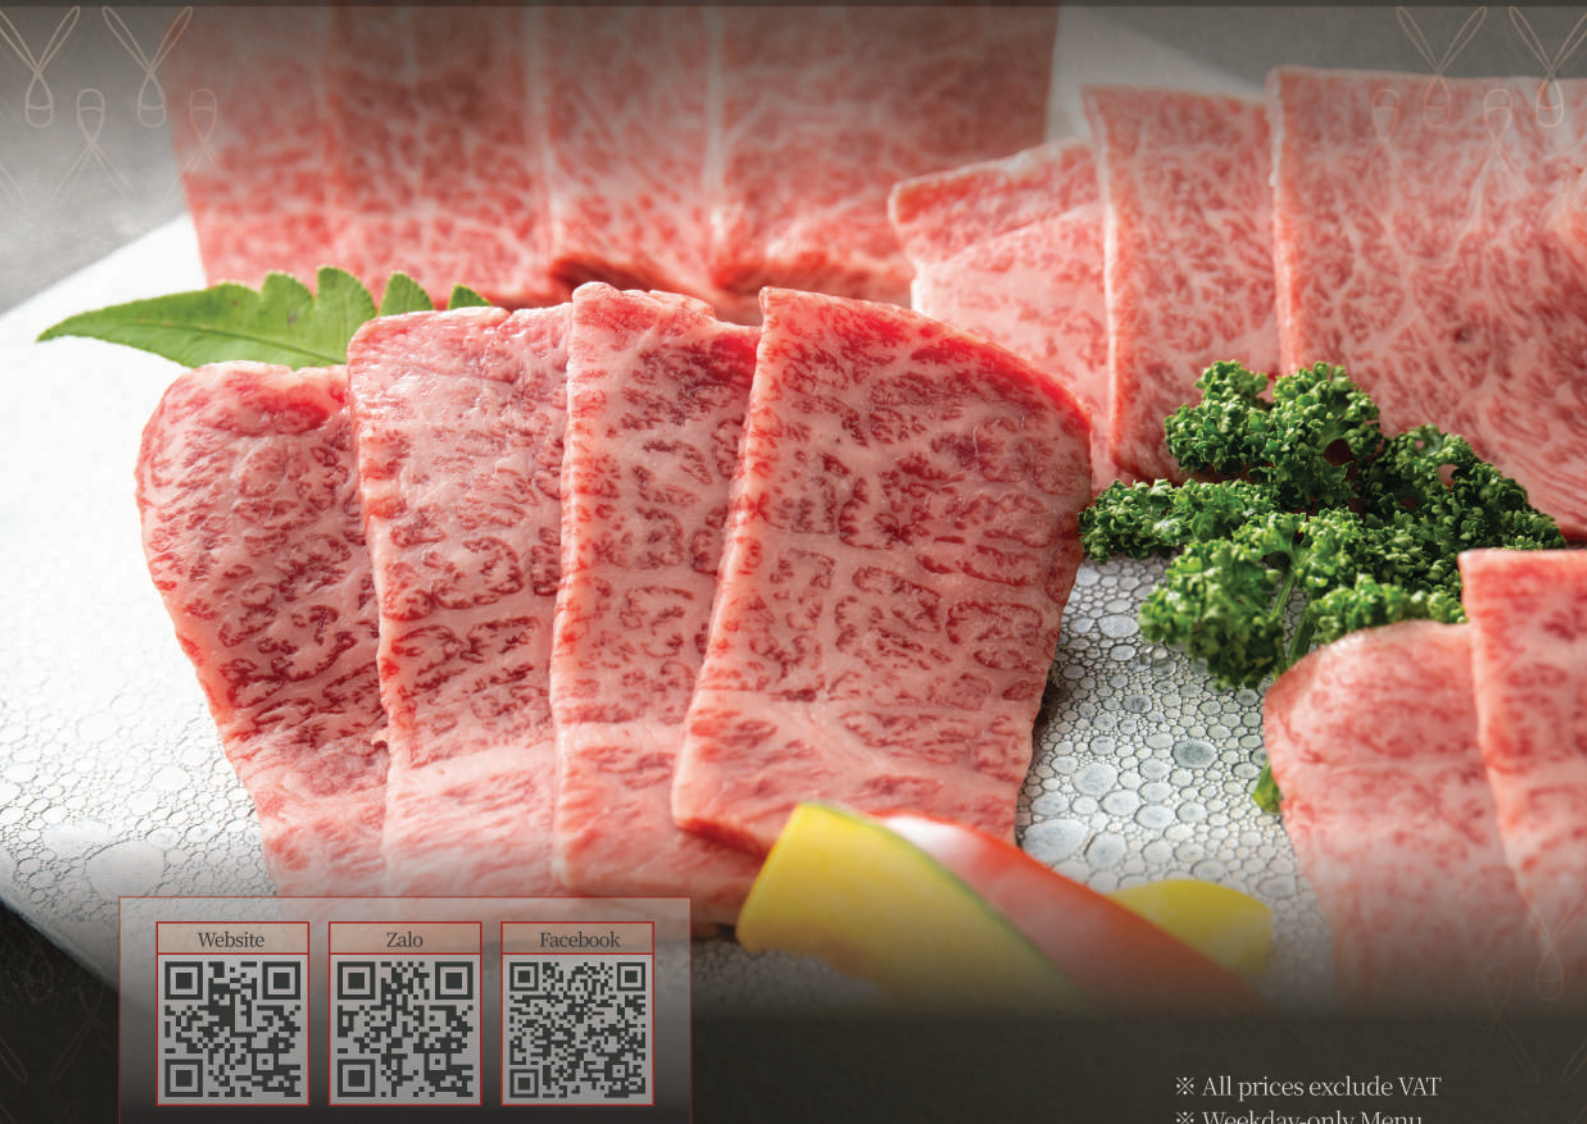

SHABU SHABU & BBQ

At our restaurant, we carefully select Japanese domestic A5-grade Wagyu beef, thoughtfully portioned into its finest cuts. Each cut is gently aged to reveal its pure and refined character.

During aging, natural enzymes and specific microorganisms break down proteins into amino acids, enhancing the umami richness, improving tenderness, and creating a deep, refined aroma.

To allow our guests to fully enjoy the beauty of premium Wagyu in Shabu Shabu and Yakiniku style, our skilled chefs devote careful attention to every detail, preparing each dish with elegance, precision, and heartfelt
